

Ludo-Master of all evil

Ludo is the **hot-headed villain and leader of The Forces of Evil**, an army of misfit monsters he enlisted to help him steal Star Butterfly's Royal Magic Wand so he can control the Mewni dimension! Ludo talks a tough game, but he's really **a small weak little creature with a large head full of brains that he protects with a strange skull helmet**. He was able to gather and lead his own legion of evildoers since most monsters on Mewni are very gullible. **He thrives on feeling powerful and larger-than-life** so he's constantly rubbing in the fact that he's smarter than them and smarter than anyone else ever born! Naturally, this isn't true, but he'd like to believe that. He keeps bodyguards around him at all times; often utilizing them to hold pencils or give him back rubs. When one of his monsters dares to argue with him, he has his bodyguards dispose of them. He spends much of his time formulating evil plans and figuring out ways to get people to fear and respect him -- but his miniscule spindly frame makes that a real challenge. This frustrates him greatly, yet he will never ever let it stop him!

Ludo is out for personal revenge against the Royal Family on Mewni and feels he can accomplish his goal by capturing Star Butterfly's Royal Magic Wand. Once the wand is in his possession, it will harness his evil power and he could use it to control Mewni, then Earth, then the entire universe! Oh, how much better he'll be treated with that kind of clout! Ludo often fantasizes what life will be like when he gets a hold of the wand. He will make himself the largest, strongest creature around, he'll move into the big castle, but most importantly, chicks will dig him!

Ludo - Master of The Forces of Evil Sides:

1. Ludo - Master of The Forces of Evil

TRIUMPHANT/EVIL: Star Butterfly is distracted? Excellent! (best evil laugh) Heheheh. Ha! Ha! Ha! HAAA!!! The moment I've been waiting for! No one's at their best when they're distracted! Wahahahahaha!

2. Ludo - Master of The Forces of Evil

ANNOYED/RANTING: That all-powerful wand is wasted on that prissy little princess! She's probably using it (sarcastic) on sparkles and ponies! Blah! I, Ludo, Master of ALL evil, would use the wand for its intended purpose of ruling the universe! All of Mewni will bow before me! And I'll finally get to move into the big castle! (Dreamy) Of course I'll have to redecorate. New paint job, black and dreary and a statue of ME! Nude, of course, but tasteful.

3. Ludo - Master of The Forces of Evil

SYMPATHETIC/CONCERNED: Ooooh, is that a ficus tree down there? Aww, it looks sick. Are you okay Mr. Tree? Do you need some water? A boost of iron?

4. Ludo - Master of The Forces of Evil

DEFEATED/ANNOYED: Aww... Retreat! Retreat! See? This is what happens when you don't work out! You're all completely out of shape! Come on, back in the porthole! What a bunch of losers! Chop chop! Hey, pick that guy up! How many times have I said no monster left behind?!

5. Ludo - Master of The Forces of Evil

CONTEMPLATIVE: (Talking to his mutant pet) Ahhh, Scobie, you're the only one who really understands me. Sometimes I get so lonely. Yeah sure, I'm surrounded by monsters, but they're a bunch of idiots! No one is as smart as me! Yeah, yeah, you're pretty smart, too, and so soft.
